

Copy HD to Disc

1. Power on the Reflex and Set your Source to the HD.
2. Load the drives with the desired number of blank discs.
3. The screen will display 1.Copy press .
4. The Reflex will then prompt you to choose your partition. You can scroll through the partition list using the up  and down arrows .
5. Once you see the correct partition press . The Reflex will then begin preparing and then copying to the blank discs.

6. Once the process is complete the drives will eject the successful copies and the screen will give a count of passed and failed discs.
